## OBJECTIVE

Software Developer with a proven ability to efficiently solve problems and collaborate with teams to deliver high-quality creative solutions in a timely manner. As a dedicated lifelong learner, I worked through 1,000+ hours of an associate's in computer science degree wherein I learned JavaScript, Node.js, Java, and C/C++. Seeking to add value, and grow my skillset.

## PROFESSIONAL EXPERIENCE

**Software Engineer Intern**                                                          2021 – 2022
*P-Ninja Infotech Pvt Ltd*                                                    Aurangabad, India
- Trained with Senior Engineers in specifications, design, coding, testing, and maintenance.
- Led the team in developing the front-end web page by using HTML5, CSS3, and JavaScript, taking advantage of the frameworks React Js.
- Fixed bugs and issues on the website and implemented numerous enhancements and solutions to improve the overall user experience contributing to an overall 20% reduction in complaints.
